Bird Fair March 7th 2010

Coming up in March is our Bird Fair. It will be held at the Charlotte County Fair Grounds Port Charlotte Florida on route 776. We are expecting a wonderful response thanks to all of your support. Bird food, cage and toy vendors will all be there. We will have Avian vets speaking about bird concerns, care and health.

We will be holding Raffles every hour with all sorts of prizes to be won. It will be a good time for all.

Please come out and support the Rescue. All proceeds go to the health and well being of our rescued birds.

If you wish to be a part of the Parrot Outreach Society volunteer team and help with our fair and rescued parrots, please email us : parrotoutreach@comcast.net

Donations of food, unused toys and cages in good condition are greatly appreciated. Monetary donations for our birds are also a great help. Volunteers are always welcome and needed.

Birds you cannot keep for any reason will also find a place with us.

We are a non profit organization dedicated to caring for and finding homes for birds in need. Contact us if you need us...or if you can help.

We have just passed our FFWC inspection with flying colors. We are FFWC licensed

Bird of the month

Sasha - 2 year old Moluccan Cockatoo

Sasha is an escape artist!!!!. She escapes to be snuggled and for attention. She is a bird that demands attention and will get it anyway she can. She will eat anything. Wood ,plastic, cords, walls...So needless to say she needs

someone to love her, understand her, watch her and give her the attention she craves... Once out she loves to snuggle like a baby...and would be a joy to the person who understands her need. and is willing to be owned by her. Sasha is only one of the wonderful birds at our rescue. Consider Adoption. View our " residents" and fill out the adoption form and come see us all!! View our rescued birds on Petfinder, Kijiji, and our website : www.parrotoutreachsociety.org. If you wish to volunteer or adopt. You can email us at : parrotoutreach@comcast.net.

SOME OTHER RESIDENTS OF THE POS

CAGE TIP

Make sure you provide your bird with perches of different diameters. They live on their feet. Perches of different sizes help to keep them comfortable and maintain good foot health.

Birdie recipe

Warm veg/grain food
(all birds love warm food)

sure to be a hit!

1/2 cup of lentils

1/2 cup of split peas

1/2 cup long grain rice

1- 12 ounce pkg of corn

Boil covered for 20 minutes. add

3/4 cups couscous. Let stand 20

minutes to allow couscous to

cook.

Always freeze unused portions.

microwave a portion at a time.

This recipe is also good for weaning baby birds who still crave one warm meal a day.

It is a crumbly mixture when done and enjoyed by all birds. From Cockatoo's to cockatiels.

A Parrotoutreach Society Success Story

Zoey-Lesser Sulfer Crested Cockatoo

Before and After

Zoey came to the Rescue as a "Plucker". As fast as her feathers grew in, she pulled them out. Nancy Hockenbrockt decided to foster her. Soon she fell in love with Zoey and decided to adopt her as her own. Zoey was a challenge, but with lots of love, attention and patience, Nancy was able to bring Zoey around to a well adjusted, loving member of the family. Nancy says " I attribute my success with Zoey due to patience, love and Oxyganic". Oxyganic is an all natural additive. You add it to your pets water. It reduces stress and supplies your animals with natural nutrients that also bring out the colors your birds are meant to have.

We would love you to hear your success stories so we can share them with our readers. Please send them with a picture if you have one to :
karenandal@gmail.com

OXYGANIC
