Events

We participated in the Pet Expo at Fisherman's Village in Punta Gorda. A really good time was had by all. Pam our President and Nancy our Secretary brought birds that wowed the crowd. Everyone enjoyed the birds, young, old and in-between. It was a really wonderful day! We all met some really great people and just enjoyed the nice surroundings!

We are sorry to say we will not be attending the Sarasotta fair as previously planned

Donations of food, unused toys and cages in good condition are greatly appreciated. Monetary donations for our birds are also a great help. Volunteers are always welcome and needed. Birds you cannot keep for any reason will also find a place with us.

We are a non profit organization dedicated to caring for and finding homes for birds in need.

We have passed our FFWC inspection with flying colors. We are FFWC licensed

BIRD OF THE MONTH

Coaco - Blue front Amazon

Cocoa has been with us for a year and a half. She has a huge vocabulary, but she

will give a bite on short notice. We believe it is due to a trust issue. We are not sure. She IS an Amazon after all.. We like to say she is misunderstood!

She is an entertaining bird and with some love and attention she could become a wonderful companion for someone who is willing to understand her moods and give her the space she needs to just be herself....

CAGE TIP

YES!...Birds need toys!!! Do not over crowd them, but a new toy can give your little friend hours of enjoyment. Rotating toys is a good idea as well. Take the old toys out and replace them with new. After a while replace the old toy and it can become new again.

Other residents of the POS

If you are willing to give one of these wonderful creatures a loving home. Please contact us and find out more information about personalities.

A Parrotoutreach Society Success Story

An Indian Ringneck called Kip

Lisa and Rick Vassallo say Kip is the sweetest bird ever. They have worked around his issues and he has become a special part of their family. Kip was one of those birds with a plucked chest Not the pretty bird most people dream of.... At first he was shy. Now he roams around his new cage with ease all day long. He is enjoying a diet of fresh fruit, eggs, chicken and vegetables. Kips feathers may never come back, but Lisa and Rick love him just the way he is. Sometimes a wonderful new member of your family does not come in a pretty package. Kip loves his new Mom and Dad and they truly love him!!! Kip just got a new cage! You go Kip! Thanks Lisa & Rick!

We would love your to hear your success stories so we can share them with our readers. Please send them with a picture if you have one, no matter how old or new..
